

# Integrated Refrigerator Freezer, 24", Ice & Water

Series 9 | Integrated

Panel Ready | Right Hinge

A slim profile, perfect for compact kitchens, or pair with other Integrated models for generous chilled and frozen storage.

- Flush fit design with 3/16" gaps and custom height installation
- Convenient access to fresh, chilled water and ice with internal water dispenser and ice maker
- Customize with your own kitchen cabinetry or purchase our stainless steel door panel accessory
- Easy-to-use touch-control panel and Wi-Fi capability

## DIMENSIONS

Height	73 5/8"
Width	23 5/16"
Depth	22 11/16"

## FEATURES & BENEFITS

### PERFECT FIT

These models fit flush, with only 3/16" gaps around them and no visible hinges or grilles. Our Integrated models can be seamlessly hidden behind your cabinetry, or you can purchase our stainless steel door panel.

### INTERNAL WATER DISPENSER AND ICE MAKER

Both the water dispenser and ice maker are located inside this Integrated model, leaving an uninterrupted exterior that blends in seamlessly with surrounding cabinetry. The slimline water dispenser is flush fit in order to maximize internal storage space, with a temperature-controlled flow and an angled water delivery to reduce drips and spills.

### MIX & MATCH

These modular refrigerators and freezers can be mixed and matched, with different sizes and finishes. Installed side by side or individually throughout the kitchen, you can create a cooling solution to suit your lifestyle. Customize with your own kitchen cabinetry and handles, or purchase our stainless steel door panel and handle options.

### CLEVER ENERGY

ActiveSmart™ Foodcare learns how you live. It is technology that understands how you use your freezer and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

### FLEXIBLE STORAGE

Designed to make it simple for you to store, access and remove food, this refrigerator includes LED-lit adjustable cantilevered shelving and full extension bins in the freezer.

## SIMPLE INSTALLATION

Our Integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customized to match your kitchen. These models are designed to easily slide into place as separate units - a perfect fit for European design kitchens.

## EASE OF USE

Using the intuitive touch-sensitive control panel, you can easily adjust the temperature to suit. Beautiful to use, the door is family safe with a soft-close mechanism.

## SPECIFICATIONS

### Accessories

Hinge change (from right hinge)
